MESSAGE FROM LAURALEI : HEALING & UNBLOCKING, THE PATHWAYS TO YOUR HIGHER-SELF OR GOD CENTER

Most of us have experienced at one time or another, a dark wave of negative energy that hit us out of the blue. For those of us sensitive to these things, it seems that this wave has no physical or emotional connection to us. It feels as this dark wave originated outside of us, from somewhere or someone else. Then when we use the usual ritual & spiritual protections we know to do, they don't seem to work on removing it. So where did this wave of darkness come from? So why did we accept it into our energy field and why can't we get rid of it??? What if I told you, most likely, it came from yourself!

Whenever any of your bodies receives an injury or injurious energy, that wave of negative energy can move through each of your seven spiritual energy bodies, like a wrecking ball thrown at the roof of your house. It first crashes through the roof, into the attic, then falls through the attic into the second storey, then crashes through the living room ceiling, to finally fall into the basement of the house, leaving havoc, chaos and giant holes in each level it passes through. The same thing happens to us. When you work with a disorder that occurs in the physical body know that you're also working with disorders that are occurring, (and have occurred), in the many layers of your other seven Spiritual Energy Bodies. We all have a Physical, Emotional, Mental, Astral, Causal, Etheric, and Celestial body, whether we are consciously aware of them or not, and all of them can become damaged, hurt and sickly. When a disorder has manifested in the physical body, it has first filtered through other layers of our spirit, because the physical body is the final and last layer of your entire soul system of experience. When you have an energy that enters the Soul System, it usually passes through several of your other spiritual body prior to reaching the physical body. If the negative energy is too strong to be processed out of the spiritual body it enters, it will be released to the next. So you may have dis-ease in any number of your other energy bodies, before you are aware on a physical level that any disruption has occurred. As the last layer, the physical body will then manifest this injurious energy as a disease, in order to process and remove it from the entire soul system, it has damaged. If the negative energy creates a dis-ease which is extremely massive in its nature, it can kill the physical body or create a permanent hole or blockage in the auric field. If the soul is unable to process the injurious energy completely out of its field, that negative energy will return with that soul when it reincarnates. The way to start teaching individuals how to heal the physical body, is by emphasizing that the physical body is just one of many layers, of the soul. The most important layer being the God Center. The God Center, is another name for the higher self and it resides about half way between the Physical Body (your body which vibrates the heaviest) and the Celestial Body(your body that vibrates the lightest). We use the term God Center when we are referring to healing aspects, because it is the heart of the spiritual system of a soul. It is the director of all of the other Energy Bodies. It is unique in the sense that it can move up and down the spiritual planes at will, and exist in several planes, the past and future, simultaneously. When you look past time and space of a multi-dimensional spirit, you will find there are re-occurrences of many physical bodies connected to that soul, in the past and future, not just the one that you are currently aware of. Each of us has multi-dimensional layers, and when something occurs to one of our incarnations, it immediately creates change and factors of change, in all of our other incarnations. Whether or not you view them, as simultaneous or whether you view them as past or future lives, according to your perspective, each of these parts of you should be considered and connected to a spiritual healing. When a disorder manifests in a physical body, which is the last and final layer, that disorder has affected at least one of your other 6 Energy Bodies. The most common pathways of dis-ease are from the Astral Body to Emotional Body to the Physical Body, but that is usual and not absolute. A dis-ease can pass in any type of order from astral to mental to emotional or to etheric. It can pass in any different numbers or layers, up and down, back and forth, prior to reaching the physical body. There is no set order. Dis-ease can also pass from one physical incarnation to another physical incarnation! Know that an ailment can actually come from another aspect of yourself in the past, because it was pulled out and thrown away! Additionally the future you can send ailments back to the present you. This is not spiritual healing!! The spiritual healer

should be delivering Life Force Energy to all of the aspects of that particular soul, rather than removing dis-ease from the one personality, that can come and reattach to another in the past or future. **This happens because of the spiritual laws regarding magnetic fields. Like energy attracts like energy, and no energy can be destroyed. Energy will always return to its owner, (and by allowing the negative energy to create illness in your body, you have owned it).** So, never pull something out of a present body and throw it away, it will return to its owner, somewhere in time. Removal is not healing, it is merely changing the time and location of the negative energy. . It will just re-manifest somewhere else. Instead try to connect all of the aspects of that person by making conscious contact with their God Center. This is what directs or monitors every energy in its soul system, as well as any disorder that passes through its layers. By contacting the God Center, you have a way to send spiritual healing to all the Energy Bodies, as well as all the past and future lives for that soul. You can contact the God Center and send an effective, yet simple healing to your soul system with this meditation. First connect with the Earth. Visualize sending a hollow cord extending from the base of your spine, down into the ground until it reaches the center of the Earth. Allow the orange liquid energy that is there, to begin flowing up your hollow cord until it reaches your body and flows up into your body. The visualize a hollow cord extending from the top of your head and moving up through the Universe until it reaches the center of the universe. Bring the White Light that is there down your hollow cord until it reaches the top of your head and flows into your body. Next visualize an energy cord coming out of the back of your head where the spine and the skull meet. This hollow cord reaches through time & space to connect with your God Center or Higher Self. Send the white light that is flowing into the top of your head, through this cord. As the white light moves through the cord, it will heal and unblock this connection. When you reach the higher self with the white light, greet and ask to utilize the system of communications that spring from the higher self to all the other aspects of you. If allowed, bring the orange energy from the Earth, mix it with the white light coming in the top of our head and send to the higher self, which will then send the mixture to any of the your soul system that needs it. Clearing the path to the Higher Self, alone, brings lightness to you and a sense of a burden being lifted. Before working on any client, make sure your connection is strong and free of blockages, before you do the same for them.

PRIVATE: ODEN & USUI REIKI LESSONS/CERTIFICATION **AVAILABLE WITH DAVID - CALL & SCHEDULE!**

WHAT IS ODEN REIKI? TAKE USUI & ODEN REIKI FOR ONE PRICE! How does Oden Reiki Work? Everything alive has a Life Force Energy, Aura or Shield around it. We know it can be photographed and we think many intuitive people can see it. What exactly is this shield and what is its function while we exist on the physical plane? The Aura is a series of rings of energy that encircle and nourish our physical and spiritual bodies. The inner ring usually remains the same color in our lives and it is the vibrational frequency we used to enter this physical plane. The middle and outer rings change frequently. The patterns and colors contain all we are, all we have experienced and everything we are about to. This is what a clairvoyant often tunes into when reading a person. If we have any kind of dark or heavy pattern in our middle or outer auras, we might have a corresponding condition in our physical, mental or emotional bodies. Rather than pulling the energy out or pouring light into it, Oden Reiki matches the frequency of such energy, surpasses and then shatters it. Much in the same way Ella Fitzgerald did in the 1960's Memorex Commercials, when she shatters a glass by hitting a high note. In easy terms, Oden Reiki is instantly in its results to purify the Aura, or Life Force Energy Field of anyone or anything. Within minutes the offending energy pattern no longer exist as it was, it has been shattered to raw energy to be returned to the first spiritual plane of Energy. This in turn can cause drastic and instant changes in the physical body.

***HOW TO PROGRAM A CRYSTAL:** Crystals grow. Crystals have a natural pulse; because they are always growing, this pulse makes them ideal to energize all electronics, including your watch, computer, radio, etc. This pulse can be heard on a subconscious level. It is possible to place a thought in a crystal and it will pulse that thought to your subconscious brain. Since the subconscious brain believes & incorporates whatever it hears repeatedly, you can make positive changes in your life by using crystals. Sit quietly, place the crystal in your right hand, and holds it to your third eye. Visualize and repeat what you want to change in the crystal. Does it for at least 3-5 minutes, and then the thought withholds? Send love to the thought and the crystal. Surround the crystal with gold light, place by your bed or desk, somewhere where you spend a lot of time & let it do its work!
